

COMMUNIQUÉ

Be it known by all the Directors and Managers of public hospitals affiliated with the Ministry of Health and Sports, Services Networks Managers and DILOS, that in compliance with the Law No. 2426 of the Universal Maternal and Child Insurance, passed on November 21 of 2002, that in order to ensure the provision of outpatient treatment for Hemorrhage of the First Half of the Pregnancy by AMEU, they must plan, program and acquire AMEU equipment and its supplies with the resources generated through the SUMI without a specific authorization required.

The Health Facility must ensure the provision and conservation of the AMEU equipments to provide an adequate care for patients that come with hemorrhagic complications of the first half of the pregnancy.
